1 WE SET UP

We set up a business Facebook Page for your practice or connect to your existing business Page.

2 WE INVITE

We invite your clients, friends and family by email to "Like" and "Follow" your Page.

3 WE POST

We regularly post relevant tax saving tips to your Page on your behalf, which then appear front and center on the News Feeds of your followers.

4 YOU GET EXPOSURE

People will want to "Like" and "Share" your tips to help their friends and family save money. It's like a newsletter that can go viral.

5 YOU ATTRACT CLIENTS

Prospects see their friends and family "Like" and "Share" your posts and "Follow" your Page to see future tax saving tips. With repeated exposure to your brand, followers associate your practice with tax expertise and you are likely to be the first place they turn when they have a tax need.
